

IDEAL STANDARD BATHROOMS 2019

BATHROOMS BY DESIGN

Ideal Standard's 2019 bathroom collection is everything that our customers expect – better performance, superior aesthetics, technological advances and improved efficiency. We've put all of our ceramics, fittings, baths, showers and furniture into one brochure to make it easier to find and compare products. Whether you're installing a minimalist wetroom or a family bathroom we are confident you will find the solution within these pages.

With refined profiles, the latest technology and high quality engineering, Ideal Standard products are designed to meet your needs, whatever the budget or project.

Cover: Concept Air 84cm Cube vanity basin (p.32), 800mm Cube vanity unit with 2 drawers (p.39), grande basin mixer (p.126), freestanding bath (p.36), bath filler (p.127); luxury bath waste and overflow (p.230); mirror with ambient light and anti-steam (p.223).

All retail prices featured in this catalogue are effective from the 1st January 2019. Prices include VAT at 20%. All of the bathroom products featured in this catalogue have been carefully selected from Ideal Standard's extensive range. For the complete Ideal Standard range, including kitchen sink mixers and products for commercial installations, please visit www.idealstandard.co.uk.

MADE IN EUROPE

We are one of the largest ceramics manufacturers in Europe. Each piece of our porcelain is made to the very highest standards using vitreous china and fine fire clay.

Our fittings are engineered in Germany and manufactured in Europe from solid brass, well-proven metals and modern plastic materials.

We work to exacting standards of quality control and engineering excellence. All of our products are thoroughly lab-tested during development allowing us to guarantee their performance and durability.

DESIGN, QUALITY, & PERFORMANCE

IDEAL STANDARD have been shaping the bathroom industry for over 100 years and we continue to develop and innovate to bring our customers effective, high quality and durable products that achieve new levels of efficiency, hygiene and convenience.

DESIGN is life enhancing. That's why it's at the heart of everything we do. We collaborate with award-winning designers to create elegant, contemporary and stylish bathrooms. But it's not just about aesthetics – our collections include intelligent space-saving products and accessible design solutions for customers struggling to use conventional products.

We continually evaluate our materials and processes so that you can be confident in the QUALITY of our sanitaryware, fittings, showers and furniture.

Finally we place enormous emphasis on PERFORMANCE to make sure our products live up to their promise. We want you to enjoy using your bathroom. Whether it's a cleaner, quieter flush, or a more invigorating shower we constantly challenge ourselves to give our customers the best experience possible.

WATER-SAVING
We work hard to develop products that ensure water and energy are conserved.

AQUABLADE® FUTURE FLUSH

Dual flush technology is standard throughout our collections, saving water every day by simply choosing a long or short flush. In new installations this can be as little as 4 or 2.6 litres.

Ideal Standard's latest award-winning technology sets new standards in flushing performance. Cleaner, smarter and quieter, AquaBlade® outperforms all others on the market and is included in both CONCEPT AIR and TESI collections.

Concept Air AquaBlade® wall mounted WC

AQUABLADE®
Flush Technology

CLEANER

AquaBlade® ensures outstanding levels of hygiene. The 'microslot' channel in the rim releases two powerful blades of water that flush bacteria clean away. It leaves 95% of the bowl surface clean (compared with traditional WCs which leave 20% of the bowl unwashed). There's no unhygienic splashing and the shape of the bowl makes it easy to clean.

SMARTER

AquaBlade® is a more effective and efficient use of water compared to standard flushes.

QUIETER

AquaBlade® is 25% quieter than our equivalent models.

WHICH BATH?

Our 2019 range of baths includes every size and variant from luxuriously indulgent to bijoux. There are shower baths, water-saving baths, double ended baths and a beautiful asymmetric model. The collections which include baths are indicated on the right.

Many of our baths are available in a choice of two unique materials developed by Ideal Standard. Choose solid Idealform or super-strong Idealform Plus+, both guaranteed to perform for twenty five years.

Most rectangular Idealform and Idealform Plus+ baths can be co-ordinated with the super flat, modern Unilux panel range, reinforced for extra rigidity. For easier installation choose Unilux Plus+ panels when opting for Idealform Plus+ baths.

IDEALFORM

- Moulded from a high quality, reinforced cell, cast acrylic sheet
- Scratch resistant, lightweight and robust

IDEALFORM PLUS+

- Double the reinforcement for superior strength and exceptional insulation
- Vacuum formed acrylic for a smooth, luxuriously glossy surface
- Super strong frame, leg set and baseboard for extra rigidity

THE COLLECTIONS

Whatever size your space, whatever your interior style or budget, our collections hold the key to your ideal bathroom. From award winning contemporary forms by Europe's leading designers to authentic period elegance – there's a world of choice in the following pages. It's not just about style though – there are space-saving ideas, intelligent storage and clever design solutions waiting to be discovered.

CONCEPT AIR AS SHOWN £1,448₃₂*

| | |
|---|---------|
| 64cm Cube vanity basin (p.32) | £216.22 |
| 600mm Cube vanity unit (p.39) | £550.37 |
| Cube AquaBlade® close coupled WC with seat & cover (p.34) | £549.73 |
| Tesi basin mixer (p.130) | £132.00 |

*Price excludes accessories (p.227), basin waste (p.230) & mirror (p.223). Includes VAT at 20%.

CONCEPT AIR: THE ULTIMATE IN REFINEMENT

With its fine edges, crisp corners and slim, tapering profiles, CONCEPT AIR breathes an uplifting sense of lightness into any space. Its weightless beauty and delicate form defies its robust strength – above all it is designed to function and perform brilliantly in the modern bathroom.

This extensive and versatile collection was created for Ideal Standard by Robin Levien, Royal Designer for Industry. It includes a wide choice of ceramic, bath and furniture options with its own slender range of fittings on page 124.

CONCEPT AIR BATHROOM

£3,326^{93*}

| | |
|---|---------|
| 104cm Cube vanity basin (p.33) | £445.54 |

*Price excludes accessories (p.227), basin waste (p.230) & mirror (p.223). Includes VAT at 20%.

AQUABLADE® award-winning technology:

LCA WINNER LONDON CONSTRUCTION AWARDS INNOVATION OF THE YEAR – MANUFACTURING

BATHING

The CONCEPT AIR freestanding bath is a show stealer. It loves the luxury of space and can be positioned anywhere. For more modest installations there is a wide choice of CONCEPT AIR and matching CONCEPT baths in every shape and size. Concept Air bath fittings can be found on page 127.

FREESTANDING BATH

- The integrated tap deck runs the full length of one side where fittings can be positioned anywhere along it
- Tap deck doubles as a shelf
- The interior is tapered to support the back whilst the sloping rim provides a head rest
- It has a greater internal volume for a more indulgent bathing experience
- The bath comes in two pieces to aid installation

CONCEPT BATHS

- Same internal styling as CONCEPT AIR so they can be combined with Cube or Arc ceramics
- Asymmetric bath
- Double ended bath
- Wide choice of rectangular baths
- A larger shower bath
- Available in Idealform or Idealform Plus+ material (see page 7)

FURNITURE DESIGNED TO FIT

In many bathroom projects storage is an afterthought. Ideal Standard understand that furniture has to be designed alongside its ceramics in order to create the fully integrated and intelligent storage that our customers demand.

STORAGE SOLUTIONS FOR EVERY BATHROOM

Because projects come in all shapes and sizes the range of storage options is designed to fit every space from the smallest cloakroom to the grandest bathroom.

COLOUR & FINISH

All CONCEPT AIR furniture units are offered in six sophisticated colour and finish combinations.

*Price excludes accessories (p.227), basin waste (p.230) and mirror (p.223). Includes VAT at 20%.

VANITY & VESSEL UNITS

CONCEPT AIR vanity units are designed to work with Cube vanity basins. With the addition of a worktop they can also be used to support vessel basins. Vanity units are available with two drawers or one drawer and an open shelf. The cloakroom version, for the mini vanity basin (shown left), features one deep drawer.

CUBE BASIN UNIT

This deep drawer unit is available to support all three sizes of Cube basin. The tapered edges of the basin intersect beautifully with the furniture to create a unique design solution.

WALL HUNG FURNITURE

Wall hung units bring a sense of weightlessness to a space. For situations where extra support is needed chrome legs are available in two heights (shown below).

CONCEPT AIR DOUBLE BASINS £2,223⁰⁵*

| | |
|---|---------|
| 124cm Cube double vanity basin (p.32) | £615.89 |

| 2 Tesi basin mixers (p.130) | £264.00 |

*Price excludes accessories (p.227), basin wastes (p.230) & mirror with sensor light (p.224). Includes VAT at 20%.

FREE & FLOOR STANDING FURNITURE

FREE STANDING VANITY UNIT

This 600mm unit for the 64cm Cube vanity basin can be used on its own or combined with the floor standing WC unit. It has two generous drawers for towels as well as toiletries.

FLOOR STANDING SEMI-COUNTERTOP & WC UNIT

These units cleverly conceal plumbing whilst providing access and storage. The basin unit is compatible with both Arc and Cube Semi-countertop basins. The WC unit includes a dual flush cistern and can be used with the wall hung or back-to-wall WC.

CONCEPT AIR
AS SHOWN

£1,746^{42*}

CONCEPT SPACE: INGENIOUS SOLUTIONS FOR SMALL SPACES

SPACE-SAVING
Compact products
designed for smaller
bathrooms.

Space is the ultimate luxury. No matter how much we have, it never seems enough and this is doubly true in the bathroom.

Ideal Standard have been the industry leader in developing smarter solutions for smaller bathrooms. The average family bathroom in the UK is no larger than a king size bed. What's more, awkwardly placed windows and doors can make the space you do have difficult to configure. Over the following pages the ingenuity of CONCEPT SPACE is shown alongside room plans that help to demonstrate some of the space-saving possibilities.

USING CORNERS

This compact ensuite fits snugly into the corner of a bedroom. It cleverly makes use of all three corners, provides storage and leaves enough room in the centre to comfortably use each facility.

CONCEPT SPACE CORNER ENSUITE

£2,646_{45*}

| | |
|---|---------|
| 45cm Arc corner basin (p.54) with corner basin unit (p.59) | £657.15 |
| Corner close coupled WC with seat & cover (p.56) | £598.74 |
| Concept Air mini basin mixer (p.126) | £150.00 |
| 800mm Kubo quadrant shower enclosure (p.168) with Simplicity flat top, low profile, shower tray (p.178) | £889.06 |
| Ceratherm 100 exposed thermostatic shower with Idealrain M3 kit (p.206) | £351.50 |
| *Price excludes accessories (p.227) & basin waste (p.230). Includes VAT at 20%. | |

MAKING SPACE

In this bathroom the window is central on one wall and overlaps the bath area. The right hand Spacemaker bath narrows at the deep end so the bath screen can be hung clear of the window.

The short projection on the Sphere basin leaves plenty of room for the door to swing inwards. The compact WC opens up the tight space and makes it feel more open.

CONCEPT SPACE ENSUITE

£2,197^{11*}

| | |
|---|---------|
| Arc 55cm short projection pedestal basin (p.54) | £215.02 |

SMARTER SPACE

A family bathroom needs to work hard to provide an invigorating shower before breakfast, bath time for the kids and a sanctuary at the end of the day. CONCEPT SPACE products utilise every inch to meet these demands, without feeling cramped or compromising on style.

A SMALLER BATH

When space is really tight the 150cm square shower bath combines a full size showering area with a shorter bath. In the plan above (pictured right and below) the short projection Cube basin fits neatly into the return of the bath. The compact WC leaves plenty of room for manoeuvre and opens up this tiny bathroom.

FEATURES

- Soft close drawers and doors.
- Basin units with two drawers.
- Basin units for left or right hand basins that fit into corners.
- Corner basin unit.
- Left or right hand WC unit includes storage.
- Tall unit with 5 glass shelves.
- Mirrored cabinets (see pages 224–5).
- Guest basin unit, wall hung or floor standing, left or right hand.
- Chrome legs available for wall hung units that need extra support.
- We are a member of the UK's largest furniture association, FIRA, established in 1949. This ensures our storage meets the highest safety and legal standards.

STORAGE BOXES

A selection of Space storage boxes are included with Space basin units. Available in three sizes they are also compatible with all of our other furniture ranges see (p.226).

SPACE SAVING STORAGE

Beautiful bathrooms don't include clutter. Clever storage transforms bathrooms and makes a small room look and feel larger.

STORAGE UNDER THE BASIN

- There's a compact basin unit to suit each of the Concept Space Cube basins. They have one drawer-front but hidden inside there's a drawer for fresh towels and a second for grooming products and accessories. The 700mm left or right handed basin unit includes two drawers and a shelf compartment.
- A selection of Space storage boxes are included with each unit, for full details see p.58.
- There's a neat corner basin unit for the 45cm Arc Corner basin.
- The basin pedestal unit can be used with the 50 and 55cm Concept Space Cube basins.

CONFIGURATIONS

The individual Concept Space units are designed so that they can sit close to walls and one another. Here are a few layouts which illustrate the flexibility of the furniture range.

- 500mm Cube basin unit
- 600mm WC unit, right hand
- 600mm fill-in unit
- 60cm mirror cabinet (p.224)
- 50cm mirror (p.223)

- Guest basin unit, left hand
- Add-on unit for guest unit
- 40cm mirror (p.223)

- Tall unit
- 600mm cube basin unit, left hand
- 600mm WC unit, left hand
- 60cm mirror cabinet (p.224)
- 50cm mirror (p.223)

GUEST BASIN UNIT

- Left or right handed.
- Wall hung or floor standing options.
- L-shaped door for access in small spaces.
- Add-on unit with glass top.
- Storage box inside door.

WC UNIT

- Left or right hand – this offsets the WC so the user is not cramped against a wall or unit.
- Handy storage compartment for toilet rolls and cleaning materials.
- Includes dual flush cistern with adjustable 6/4 or 4/2.6 litre flush.
- For back-to-wall or wall mounted WC bowls.

CONCEPT FREEDOM: INDEPENDENT LIFESTYLE

It's true, inclusively designed bathrooms can be beautiful. Robin Levien has created a range of compliant products with comfort, accessibility and aesthetics in mind. He has designed this range of ceramics, taps and showers to be interchangeable with CONCEPT AIR and SPACE collections. Thoughtful design that meets the needs of those less able.

STRESS-FREE BATHROOMS

The bathroom should be a sanctuary, blissfully free from anxiety. CONCEPT FREEDOM solutions are designed to relieve the stress associated with accessibility and manoeuvrability. Simple and elegant ideas to make bathing and step-free showering safer.

*Price includes VAT at 20%.

ACCESSIBLE DESIGN
Design solutions for the less able.

STEP-FREE SHOWERING

A wetroom is the ultimate in luxury but a few additions make it more accessible. The chrome grab rails and shower seat have been elegantly designed to blend in. The modesty panel protects the user's dignity when showering with a helper. Finally the Freedom dual shower valve has pin handles to make the controls easier to turn.

SAFER BATHING

For the bath project, we combined our many years' experience with the knowledge of later-life health specialists Red & Yellow and experienced occupational therapist Anava Baruch to ensure it was designed with independence and safety in mind.

'Getting in and out of the bath is often the first thing that people start to struggle with as they become less mobile. The design of the bath makes bathing a much less fraught and dangerous experience, whilst looking great too'

Anava Baruch, Occupational Therapist

CONCEPT FREEDOM BATH £757⁷⁵

| | |
|---|---------|
| 170 x 80cm Idealform Plus+ bath, right hand with front bath panel and headrest (p.67) | £757.75 |
| Two 45cm support rails (p.67) | £298.36 |

*Price includes VAT at 20%.

CONCEPT FREEDOM BATH

- The CONCEPT FREEDOM bath won product innovation of the year in KBB's Retail Design Awards 2017.
- A lowered bath height of 460mm for easier access.
- The foot rest provides a step for easier entry and exit. It also aids standing by providing something stable to push against.
- The polyurethane gel headrest has 'shape memory' which responds to the arc of the neck. It distributes pressure and provides firm, comfortable support.
- An extra-wide ledge is reinforced to provide a hand hold to aid standing and a seating area for the user or carer.
- 45 and 60cm contemporary chrome grab rails are available for extra safety.
- The bath is made in Idealform Plus+, our strongest material, for complete stability.

COMFORT & FREEDOM

Award winning designer Robin Levien worked with occupational therapists to develop solutions that are both accommodating and aesthetically pleasing.

WC SOLUTIONS

- 460mm floor to seat height – close coupled, back-to-wall and wall hung WCs.
- Elongated wall hung bowl with a 75cm projection for easy wheelchair transfer.
- Choice of standard, slow close or ring seat.

SHOWERING SOLUTIONS

- Wetroom panels including modesty panel.
- Freedom Easybox thermostatic shower valves with metal lever handles.
- Freedom Dual thermostatic shower with metal pin handles.

WHEELCHAIR ACCESSIBLE BASIN

- 60cm basin designed for a wheelchair user to get as close as possible.
- The basin can be hung lower and at the correct height for the individual user.

VERSATILE

TESI's fluid curves create harmony across the range of stylish basins, AquaBlade® WCs and baths. Balance with TESI taps and mixers and combine with TEMPO furniture for ultimate flexibility.

FEATURES

- A choice of 60, 55 and 50cm washbasins, a 55cm semi-countertop basin and 45cm handrinse basin
- Four WC models with thin seat and soft close options
- WCs feature award-winning AquaBlade® flush technology for improved hygiene, see page 6
- Range of TESI taps and mixers, see page 128
- 160 x 70cm space-saving bath
- 170 x 70cm bath available in a water-saving 139 litre option
- 170 x 70cm double-ended bath
- Compatible with Tempo furniture see page 106

Tesi 55cm basin with semi-pedestal (p.77), Tesi AquaBlade® wall mounted WC (p.78) and Tesi basin mixer (p.130)

WATER-SAVING
WCs are available with 4/2.6 litre or 6/4 litre dual flush technology. On average, a dual flush ensures 25% water saving if the short flush is used 4 out of 5 times a day per person.

The water-saving bath features a lowered overflow to restrict use to just 139 litres.

AQUABLADE®
Ideal Standard's patented flush system optimises water pressure to deliver outstanding levels of hygiene.

STUDIO ECHO: EVOLUTION OF A CLASSIC

When STUDIO was originally launched in 1986, it brought design into ordinary bathrooms for the first time. Three decades later, Ideal Standard are just as proud to reveal its successor, STUDIO ECHO.

Robin Levien has, once again, brought all of his expertise to the challenge of the new design. Technological advances in production mean that STUDIO ECHO is more refined, the shape is pure and organic, tanks are smaller and seats are thinner. It is completely up-to-date, while echoing the simple lines and affordability that made STUDIO part of Ideal Standard's design heritage.

STUDIO ECHO BATHROOM

£1,713^{68*}

| | |
|---|---------|
| 60cm pedestal washbasin (p.88) | £160.80 |
| Close coupled back-to-wall, short projection WC suite with seat & cover (p.89) | £384.00 |
| Tempo Arc Idealform shower bath, front & end bath panels and shower bath screen (p.103) | £670.74 |
| Ceraflex® basin mixer & dual control bath filler (p.142) | £234.00 |
| Alto Ecotherm shower mixer with Idealrain S3 shower kit (p.213) | £264.14 |

*Price excludes accessories (p.227), basin waste (p.230) & mirror (p.223). Includes VAT at 20%.

FEATURES

- Softly spoken design that will easily blend with most interior styles
- Three sizes of washbasin to suit every installation: 60cm, 55cm and 50cm
- Semi-countertop, handbasin and corner handbasin options for ensuite and cloakroom projects
- All WC options are dual flush to promote water-saving
- A compact close coupled WC for smaller spaces
- Hidden fixings for a contemporary look that is easier to clean
- Wall mounted and floor standing options for flexibility in installation

AN EASY FIT

This carefully crafted new design takes the understated simplicity of the original and reimagines it for the home today. With echoes of mid-century shapes, it has a friendly, easy-to-live-with personality. It will survive decades of use in a family bathroom, while easily blending with interior fashions as they come and go.

Combine STUDIO ECHO ceramics with TEMPO baths (p.103) and furniture (p.106) for a complete bathroom or ensuite facility.

CORNER HANDRINSE BASIN

The 45cm corner handrinse basin offers a space-saving solution for cloakrooms. It can be pedestal or wall mounted.

FLUSH PERFECT

CLOSE COUPLED wc

WATER-SAVING

Studio Echo WCs are available with 4/2.6 litre or 6/4 litre dual flush technology. On average, a dual flush ensures 25% water saving if the short flush is used 4 out of 5 times a day per person.

SOFT CLOSE SEAT

WC seats are available as normal or slow close.

QUICK-RELEASE SEAT

The seat is easily removed for improved hygiene.

HIDDEN FIXINGS

Fixings are hidden to provide a more contemporary look which is also easier to clean.

SPACE-SAVING

Compact designs for smaller spaces.

The close coupled back-to-wall WC is a short projection model measuring just 615mm from front to back.

WALL MOUNTED wc

BACK-TO-WALL wc

STUDIO ECHO WCs deliver the excellent performance, easy installation and latest water-saving technology you expect. There's even a short projection option for smaller sized rooms where space is an issue.

STUDIO ECHO CLOAKROOM **£930₃₈***

45cm handrinse basin with small semi-pedestal (p.88) £132.00

Close coupled back-to-wall, short projection WC suite with seat & cover (p.89) £384.00

Ceraflex® single lever basin mixer (p.142) £90.00

Tempo column unit (p.107) £324.38

TEMPO: DESIGNED WITH THE FAMILY IN MIND

While retaining a pure and minimal look, TEMPO's softer edges make it the perfect choice for families. Free of sharp corners, this is design for everyday life where practicality and safety come first.

Created by award-winning UK product designer, Robin Levien, who keeps a close eye on interior trends and changing habits. Tempo is a next generation take on the square aesthetic.

TEMPO SEMI-PEDESTAL BASIN

£137⁴²

55cm washbasin with semi-pedestal (p.100) £137.42

Tempo single lever basin mixer with pop-up waste (p.134) £131.10

Price includes VAT at 20%.

SPACE-SAVING

Compact designs for smaller spaces. The close coupled back-to-wall WC is a short projection model measuring just 600mm from front to back. There's also a compact short projection wall mounted WC which measures 480mm from front to back.

FEATURES

- A wide choice of basin sizes and installation options: 60, 55 and 50cm washbasins with pedestal or semi-pedestal, 80, 60 and 55cm vanity basins, 50cm countertop basin, 55cm semi-countertop basin, 45cm and 35cm handrinse basins
- Four WC models with a soft close seat option
- Compact 150cm bath options and short projection WCs for smaller spaces
- Wide choice of baths styles and sizes including 139 litre water-saving options
- Complementary range of TEMPO taps and mixers, see page 132
- TEMPO furniture and storage solutions

TEMPO CLOAKROOM

| Alto Ecotherm shower mixer and Idealrain S3 shower kit (p.213) | £264.14 |

*Excludes bath waste (p.230). Price includes VAT at 20%.

TEMPO SHOWER BATHS

The shower bath is a great space-saving option providing a generous space for a proper shower as well as a full sized bath.

Tempo shower baths are available in Arc and Cube styles and come in left or right hand versions. The design of the Cube bath includes an integrated shelf for toiletries (see below).

25 YEAR GUARANTEE

GUARANTEE
Baths are guaranteed for 25 years. Bath screens are guaranteed for 10 years.

ALTO Ecotherm rim mounted bath shower mixer see page 215

SPACE-SAVING
Compact designs for smaller spaces. 150cm baths make bathing possible in smaller spaces.

WATER-SAVING
Water-saving baths have a lowered overflow to reduce capacity to 139 litres.

FEATURES

- Soft close drawers and doors
- Stylish chrome handles
- Vanity units with drawers or doors; wall hung, with legs or floor standing
- Semi-countertop basin and WC units can be used individually or combined
- Pedestal unit for the 50 & 55cm basins
- Tall column unit with two doors
- WC unit includes dual flush cistern
- Two contemporary finishes: Gloss White and Sandy Grey
- Guaranteed for 5 years
- We are a member of the UK's largest furniture association, FIRA, established in 1949. This ensures our storage meets the highest safety and legal standards

TEMPO furniture is an intelligently conceived range of smart, discreet storage for busy bathrooms. The neutral and contemporary styling, in Sandy Grey or Gloss White finishes, will complement myriad decorative styles. The WC and semi-countertop units can be combined with other ceramic ranges.

SPACE-SAVING

TEMPO PEDESTAL UNIT

This clever piece of furniture replaces a ceramic pedestal and provides just enough storage for essentials. It supports both the 50 and 55cm TEMPO basins and cleverly utilises this otherwise unused space.

TEMPO VANITY STORAGE

TEMPO vanity basins seamlessly integrate with a selection of accompanying vanity units. The soft edges of the streamlined basin extend beyond the width and length of the furniture to create a luxuriously spacious surface for products and pampering.

TEMPO VANITY BASIN & UNIT

£757^{08*}

80cm vanity basin (p.101) £223.51

800mm wall hung vanity unit with two drawers (p.106) £402.47

Tempo single lever basin mixer with pop-up waste (p.134) £131.10

*Price excludes accessories (p.227). Includes VAT at 20%.

VANITY RANGE

- Streamlined design with soft edges
- 80, 60 and 50cm vanity basins
- 80, 60 and 50cm wall hung vanity units with two drawers
- 80 and 60cm vanity basin unit with two doors and legs
- 50cm floor standing vanity basin unit with two doors
- Soft close doors and drawers
- Optional legs for the wall hung units
- Matching column unit for extra storage
- Gloss White or Sandy Grey finish

EXTRA SUPPORT

Legs are available for wall hung furniture where additional support is needed.

TEMPO BASINS & WCs

JASPER MORRISON: A SINGULAR VISION

Ideal Standard teamed up with JASPER MORRISON, one of Europe's most successful designers, to create this unique collection in his signature style. His contemporary forms combine soft squares with oval interiors which have been developed across a range of basins and sanitaryware. Award-winning design that has become a modern classic.

JASPER MORRISON BATHROOM **£2,002^{04*}**

MIXERS & TAPS

Ideal Standard have perfected the next generation of mixers and taps, ensuring unparalleled levels of comfort and control.

Explore our range of fittings for basins, bath and shower, all made in our own European factories where we can ensure quality control. Every product is robust, hard wearing and constructed using only the best materials.

CERAFLEX®
BASIN MIXER

£103₅₀

Single lever basin mixer with pop-up waste (p.142)

Studio Echo 55cm basin with pedestal (p.88) £151.12

Price includes VAT at 20%.

DELIVERING WATER

Quality is assured with all Ideal Standard mixers and taps. We have our own factories across Europe, ensuring quality control and engineering excellence.

FIRMAFLOW® CERAMIC DISC TECHNOLOGY

INDUSTRY LEADING

At the heart of every basin mixer is a ceramic disc, technology that Ideal Standard were the first to develop 50 years ago. FirmaFlow® is our latest, improved high-performance ceramic disc.

COMPATIBILITY

A new 38mm cartridge is more versatile and fully compatible with tap bodies for our existing 40mm cartridge.

EXTENDED LIFECYCLE

FirmaFlow® is designed to last 500,000 use-cycles (much longer than the industry standard of 300,000) which equates to 10–15 years of daily use.

MORE COMFORT

The technology includes a hot limit stop to prevent scalding. It also has an enlarged comfort zone for finer temperature adjustment between 34 and 42°.

SAVES WATER

Our basin mixers are pre-fitted with removable aerators that limit water flow to 5 litres per minute, while still providing a satisfying washing experience.

5 YEAR GUARANTEE
All taps and mixers are guaranteed for 5 years.

WATER-SAVING
Pre-fitted eco flow regulators reduce water flow to 5 litres per minute.

TESTED TO THE LIMITS

Because we believe in taking quality to the limit every tap and mixer is made to exceed both British and European standards. All our products undergo exhaustive testing before they leave the factory. Everything from water pressure and temperature to noise levels are tested and retested. This is how we can guarantee faultless function and reliability.

TEMPERATURE LIMIT STOP
Allows a maximum temperature to be set to ensure safety and comfort.

EASYFIX
Allows for fast and hassle-free installation.

TEMPERATURE CONTROL

Our pioneering ceramic discs feature temperature control within a comfort zone which is controlled through the single lever on basin mixers and bath fillers. Some mixers also feature a pre-set maximum temperature limit stop to prevent scalding.

CONCEPT AIR
BATH FILLER

£300⁰⁰

Two tap hole bath filler (p.127)

SHOWERS

What's the key to a great shower? Power is always important but there are other considerations including style, space restrictions, access and the level of control needed.

Ideal Standard's extensive range of shower enclosures, trays, valves and shower kits provide a huge variety of solutions for any project. We've worked hard to make the specification process as easy as possible. Whether it's a state-of-the-art wetroom or a simple refurbishment we have the expertise to make it simple.

WHICH SHOWER ENCLOSURE?

Ideal Standard understand what it takes to make the perfect shower environment. The main considerations for planning are access, space and position. From ingenious door mechanisms that work in the smallest ensuite to spacious enclosures for family bathrooms, we have a solution for every conceivable scenario.

FEATURES

Expert engineering means our shower enclosures and bath screens are full of clever features which make them not just a pleasure to use but easy to install, clean and maintain.

- **CONCEALED FIXINGS**
The cover profiles click easily into place during installation and combine with top caps to conceal all fixings.
- **SMOOTH RUNNING WHEELS**
Quality components ensure doors glide along effortlessly and silently.
- **RISE AND FALL HINGES**
Ensure doors open and close with ease.
- **HORIZONTAL ADJUSTMENT**
Allows perfect fitting to out-of-true walls. Check each collection for specific adjustment values.
- **POWER SHOWER PROOF**
Enclosures have been tested to ensure that even with the most invigorating of showers the seals remain watertight.

CORNER INSTALLATIONS

QUADRANT/OFFSET QUADRANT

These curved enclosures suit almost any bathroom design, creating an open environment, even in restricted spaces. Available with sliding or hinged doors.

SLIDING DOOR WITH SIDE PANEL

Sliding doors offer maximum access where there is limited space to open a door. They can also work well in larger spaces to create luxurious showering areas.

CORNER ENTRY

When space is limited on either side of a shower enclosure a corner entry with sliding doors offers an effective solution.

PIVOT DOOR WITH SIDE PANEL

These doors swing open to offer wide access, which when combined with a side panel creates a light and airy showering area.

INFOLD/BIFOLD DOOR WITH SIDE PANEL

When there isn't room to open a door an infold door is a good solution. It offers wide access in tight spaces. A bifold option folds both inwards and outwards.

ALCOVE INSTALLATIONS

PIVOT DOOR

These doors work well in alcoves allowing the maximum showering area combined with the maximum access.

SLIDING DOOR

Sliding doors are a practical solution for alcoves, especially larger spaces. The door glides on smooth running wheels for access.

INFOLD/BIFOLD DOOR

The infold door is a great option for smaller spaces. It fold inwards to provide full access. The bifold option folds both inwards and outwards.

10 YEAR GUARANTEE
Enclosures, wetroom panels and baths screens have a 10 year guarantee.

8mm GLASS
8mm or 6mm toughened safety glass.

IDEALCLEAN
Reduces cleaning time by up to 90%. Special coating so glass is easier to clean and stays cleaner for longer.

CLICK AND CLEAN
Lower wheels and panels can be released for cleaning. The panel clicks back into position for a watertight seal.

25mm HORIZONTAL ADJUSTMENT
Profile can be adjusted to allow for untrue walls. Check each range for measurement.

SYNERGY: A NEW WORLD OF SHOWERING

With a sophisticated semi-framed design and exposed glass edge doors, SYNERGY has been designed to blend seamlessly into an interior. This contemporary range of luxurious shower and wetroom solutions is beautifully engineered to the highest quality specification.

FEATURES

- IDEALITE trays are made with polymer resin making them 35% lighter than stone resin. This makes them easier to install by one person
- Acrylic capped ABS offers strength and stability with a smooth, scratch-resistant gloss surface
- Wide range of shapes and sizes for every type of installation
- Trays are supplied with a 90mm fast-flow chrome waste
- Slim, low profile trays with a choice of upstand solutions for leak-free installation
- Twenty five year guarantee

UPSTANDS

Upstand trays feature a water retaining lip around the edge that is tiled into the wall to minimise water leaks (see below). The shower is installed against the a finished wall with plaster board on top of the upstand. The tray is then tiled into the wall by tiling over the upstand onto the tray.

Where an upstand is not required around the whole tray a roll of flexible adhesive upstand is available to purchase which can be cut to size as required.

GUARANTEE
Shower trays are guaranteed for 25 years.

LIGHTWEIGHT
Idealite polymer resin shower trays are 35% lighter than stone resin trays.

SHOWER TRAYS

Ideal Standard offer a range of SIMPLICITY and ultra lightweight IDEALITE shower trays to complement our enclosures. These slim, low profile trays are strong and durable with a clean contemporary design which makes them suitable for a wide range of installations.

IDEALRAIN: ELEGANCE THAT ENDURES

We've expanded the IDEALRAIN shower range and added two new high performance models: EVO and EVO JET. With a wide choice of elegant styles and innovative functions, improved efficiency and comfort, there's an IDEALRAIN showering solution to enhance any specification and budget.

ELEGANCE THAT ENDURES

IDEALRAIN is refined, yet robust. It's built to last, so it stays looking good and delivering high performance for longer, even with the heaviest use

WATER AND ENERGY SAVING EFFICIENCY

The pre-fitted flow restrictor reduces water consumption in high pressure systems from 18.5 litres per minute to just 8 litres per minute with no loss of flow. Rainshower flow is restricted to 12 litres per minute

PACKED WITH TECHNOLOGY

From its high-tech flow engine to Cool Body handsprays, IDEALRAIN blends comfort with performance

FASTER CLEANING

IDEALRAIN resists limescale build-up and features rub clean nozzles on handsprays and rainshowers

DESIGNED FOR MAXIMUM COMFORT

Uncompromised water flow and multiple spray modes create a premium showering experience

VERSATILE AND EASY TO INSTALL

IDEALRAIN fits with a range of accessories and is easy to adjust while installing

IDEALRAIN WETROOM **£1,006⁸²***

| | |

| Ceratherm 100 thermostatic shower mixer (p.206) | £255.08 |

*Price excludes accessories (p.227) and mirror (p.223). Includes VAT at 20%.

THE LUXURY OF CHOICE

Choose from a variety of handsprays, shower kits and rainshowers. IDEALRAIN brings unsurpassed efficiency, function and showering pleasure.

IDEALRAIN EVO & EVO JET: NEW HIGH PERFORMANCE HANDSPRAYS

- Two handsprays per model, each with three spray modes. Available in classic round and sophisticated diamond shapes to suit contemporary designs
- Specially reinforced metal sliding rail available in two sizes: 600mm and 900mm
- High strength metal brackets for ultra-stable wall fixing. These brackets are adjustable for angle adjustment
- Cool body technology for comfort and safety
- Ergonomic Navigo push button to easily change spray modes
- Heavy-duty ratchet mechanism
- Durable handset & Sure Grip for easy hand control
- Smooth, wipe clean flexible Idealflex shower hose

AERATED RAIN

SPRAY MODES

RAIN

This popular mode creates a relaxing downpour thanks to nozzles that extend up to the spray plate edge.

FINE RAIN

A gentle but abundant spray for a thoroughly cleansing feel.

AERATED RAIN

Air is sucked into the water to deliver a gentler, yet still cleansing, showering experience.

DROP JET

Drop Jet technology creates unique large and soft water droplets for a luxurious de-stressing experience.

MASSAGE

Available on all handsprays, the massage spray mode delivers a truly invigorating experience.

- 5 year guarantee

WHICH SHOWER MIXER?

An installer will help you identify the perfect combination of mixer and shower kit for your hot water system. This page helps to identify some of the main features to help you compare products.

THERMOSTATIC

This is the safest type of shower. Thermostatic valves maintain a constant temperature irrespective of hot or cold water flow, rate, pressure or temperature. There is no need to continually adjust the temperature setting during showering. For the increased safety of vulnerable users many thermostatic valves feature a temperature safety stop of 40°C or a temperature limit stop which can be set to 40, 43, 45 or 50°C

MANUAL

This type of shower relies on the temperature of the hot water system. It does not compensate for variations in hot and cold water flow rate, pressure or temperature. It includes a temperature limit stop with 7 settings to reduce the amount of hot water that enters the mixer.

WATER PRESSURE

Many users prefer the indulgent force of a shower fed by a high pressure, mains water system. An installer will help you identify your water pressure which is measured in bar*, however this is a simple guide to the different heating systems:

MAINS WATER

Combination boilers: between 1 & 5 bar.
Vented systems: between 1 & 5 bar.
Pumped gravity fed: between 1 & 3 bar.

GRAVITY FED

Water is stored in a cold water tank in the loft: 0.1 bar.

* 1 bar is equivalent to 10 metres in height between the bottom of a cold water tank and the top of the shower head.

5 YEAR GUARANTEE
Shower mixers & kits are guaranteed for 5 years.

CERAMIC DISC
Water flow control using a ceramic disc cartridge which is robust, drip free and impervious to lime deposits.

TEMPERATURE LIMIT STOP
Limits the outlet water temperature to a preset level to protect vulnerable users. Manual override.

SAFETY STOP
Limits the outlet water temperature to 40°C to protect vulnerable users. Manual override.

HIGH PRESSURE
Product only suitable for high pressure installations with a minimum of 1 bar.

COOL BODY
Body remains cool to the touch at all times to ensure safer use and prevent burning.

WATER-SAVING
Eco button limits flow rate to 50% to save on water usage. Manual override.

TMV SCHEME CLASSIFICATION
Independent thermostatic mixing valve accreditation.

MIXER AND SHOWER KIT COMBINATIONS

- Recommended pairing
- High pressure installations only
- Available as a mixer & kit pack

SHOWER MIXERS & KITS

Ideal Standard's commitment to technological innovation means your daily shower is nothing short of pure luxury. The following pages reveal our extensive range of built-in and exposed shower mixers which can be combined with Idealrain shower kits (see p.182–197).

High or low pressure, thermostatic or manual, shower or over-bath, we have a solution that is guaranteed to deliver.

ALTO ECOTHERM BATH SHOWER MIXER

£373⁸⁴

Bath shower mixer with rim mounting legs (p.213) £373.84

Tempo Cube shower bath, left hand, with bath screen & front panel (p.103) £765.17

Price includes VAT at 20%.

**CONCEPT EASYBOX
SLIM SHOWER PACK** **£487⁵⁸**

Built-in thermostatic shower pack: includes mixer with round faceplate and Idealrain M3 shower kit
Price includes VAT at 20%.

CONCEPT EASYBOX SLIM

This ultra slim, thermostatic built-in shower mixer is available in a choice of round or square faceplate to match any bathroom interior style. The Concept Freedom version features lever handles to make showering easier for those who find turning controls difficult. Manufactured and engineered in Germany with a five-year guarantee for full peace of mind.

FEATURES

- Designed for easy installation, see page 202 for full instructions
- The bath shower mixer includes a diverter within the flow control. Turn clockwise for shower flow, anti-clockwise to fill the bath (use with Idealfill, page 230)
- Shower packs include an M3 Idealrain shower kit with a round or square handspray to match the faceplate. The handspray features 3 spray modes: rain, fine rain and massage. It also includes a removable 8 litres per minute eco flow regulator to save water
- Thermostatic mixer, faceplate and handles are supplied in one box, as are the shower packs
- Designed to be installed on low pressure gravity hot water systems (minimum 0.1 bar)* and all types of high pressure systems**
- Winner of the Best Kitchens & Bathrooms Product category at the Housebuilder product awards 2013
- 5 year guarantee

* Minimum pressure for satisfactory bath fill is 1 bar.
** Maximum 5 bar dynamic.

CONCEPT FREEDOM EASYBOX SLIM
Built-in shower valve shown with
Idealrain M3 shower kit, see page 203.

ULTRA SLIM GERMAN ENGINEERING

Concept Easybox Slim built-in shower mixers; superior water tightness and flow performance that is simple to install, by design.

ULTRA SLIM SEALING BOX

The plastic sealing box fits into a 43mm cavity. The minimum built-in depth of 58mm is accommodated within the cavity, plasterboard, tiling and adhesive.

The plastic sealing box gives increased strength and durability with double sealing to reduce risk of leakage. The front is sealed with a plastic lid which has tapered seals to the main box and around the two handles. The outer chromed faceplate is not sealed and can easily be removed for cleaning.

STEP-BY-STEP INSTALLATION

- 1 Fix the mixer body into position.
- 2 Connect the pipework.
- 3 Make good the wall by plastering around the mixer, up to the plaster guard.
- 4 Fix the waterproof membrane with tiling adhesive.
- 5 Tile the wall.
- 6 Trim back the mixer body flush with the tiles.
- 7 Fit the sealing plate.
- 8 Attach the faceplate and handles.

- 5 YEAR GUARANTEE Mixers and kit 5 year guarantee
- Temperature limit stop
- 40°C Safety stop

CERATHERM 100

This exposed thermostatic bar valve is a major advance in shower technology. It's slim and elegant form incorporates three key innovations: a cool touch body, eco button and Fast Fix wall bracket.

TEMPERATURE CONTROL

To make showering safer the temperature handle has a built-in 40°C safety stop with override. The control mechanism has a temperature limit stop which can be set to a maximum of 40, 43, 45 or 50°C even in override

FAST FIX WALL BRACKET

Included with the shower mixer. See right for step-by-step instructions

COOL BODY

Safe for families and vulnerable users. The exterior of the valve keeps cool at all times by running cold water around the hot water flow

ECO BUTTON

Conserve water using the eco button which limits water flow to 50%. A manual override provides extra power when needed

FAST FIX INSTALLATION

- 1 Ensure water pipes are level and spaced 150mm from the centres. Leave 50mm protruding.
- 2 Couple the gasket to the rear of the wall plate with the 3/4" connectors.
- 3 Slip the wall plate over the water pipes and screw tightly to wall. Tighten the threaded plugs to secure olives onto the water pipes.
- 4 Mount the shroud over the wall plate.
- 5 Fit the assembled valve unit to the shroud.
- 6 Tighten the captive nut with an adjustable spanner.
- 7 Attach the lower hose to the valve outlet.
- 8 The shower mixer is now ready to use.

FEATURES

- 'Set and leave' control – set your chosen temperature and leave it
- Temperature handle has a built-in safety stop at 40°C with a manual override for safer showering
- Temperature control mechanism has a temperature limit stop which can be set to 40, 43, 45 or 50°C
- Automatic safety shutdown should the hot or cold water supply suddenly fail
- Cool touch body ensures it is safe to touch
- Eco button reduces water flow to 50% save water consumption with a manual override to increase water to full flow
- Ceramic disc control for smooth turning action and no drips
- Shower packs include a removable 8 litres per minute flow regulator to save water
- Freedom Dual version with metal pin handles for easier turning
- Shower mixer includes a fast fit bracket to save on installation time and cost
- Bath shower mixer includes legs for rim mounting
- 5 year guarantee

ACCESSORIES

Ideal Standard devote the same design thinking to accessories as we do the any other element in the bathroom. These details are what makes a bathroom function efficiently. We also demand the same high standards of quality and engineering to ensure that our towel rails stay put and our mirrors can de-mist and light-up.

LIGHT, MIRRORS & CABINETS

Mirrors transform a bathroom, expanding the space and reflecting light. Our new range of mirrors and mirror cabinets are made to the highest standard in sizes that complement our basins and furniture. The range is luxuriously practical with models that include anti-steam options, ambient lighting and sensor lights which respond to touch.

BASIN & BATH WASTES

WHICH WASTE?

- Clicker wastes operate by pushing down on the drainage plug to release or retain water.
- Pop-up wastes are controlled by a lever behind the tap on basins and a rotating handle above the waterline on baths.
- The luxury clicker basin waste offers a premium 'silent' mechanism with improved technology to reduce the build-up of waste materials
- The free flow unslotted basin waste is permanently open
- Slotted and unslotted wastes will only fit one type of basin so it is crucial to choose the right one. Slotted wastes fit basins with an overflow and unslotted wastes fit basins without an overflow.

Basin wastes

| Model | Price INC VAT | Ref |

GUARANTEE

Ideal Standard have been producing bathrooms for more than 100 years. Intensive and continuous testing is the key to class-leading durability. Designed to endure the impact of daily use all of our products are guaranteed to perform stylishly and reliably, year after year.

Our confidence in the quality and reliability of Ideal Standard products enables us to guarantee many of them for a lifetime. Our guarantee is offered on all products that have been used in the manner for which they were intended and does not apply to any products that have been misused or abused in any way. Products must be installed and cared for in line with our fixing instructions and local water by-laws. In the unlikely event the product fails within the guarantee period, we offer a free replacement or replacement part (or nearest equivalent). Liability is limited to individual products and does not cover consequential loss or damage on installation.

1. All ceramic products are guaranteed for a lifetime.
2. Idealform and Idealform Plus+ acrylic baths are guaranteed for 25 years from date of purchase.
3. Showers, bath panels, furniture, mixers and taps, WC seats and cistern fittings are guaranteed for 5 years from date of purchase. (Cistern and shower door seals are not included. Replacements can be found on our Fastpart website: www.fastpart-spares.co.uk.)
4. Shower enclosures and bath screens are guaranteed for 10 years and shower trays for 25 years.
5. Parts (including push-button flush valves) are guaranteed for 5 years and will be replaced if found to be faulty.
6. Cistern diaphragms, seals and shower seals are not included. Replacements may be purchased through our parts supply service.
7. The guarantee is transferable and applies to the product not the purchaser, provided guarantee registration details are passed on to the new owner. For full conditions, please refer to our website: www.idealstandard.co.uk/guarantee.

Ideal Standard pursue a policy of continuing improvement in design and performance of our products. The right is therefore reserved to vary specifications without notice. While great care has been taken to ensure accuracy of all prices, product codes, descriptions and dimensions, Ideal Standard reserves the right to correct errors or misprints. Colour reproduction is as accurate as possible within the limitations of the printing process.
